

Final Paper

1. Abstract
2. Safety sheet

Get this on the science fair website, fill it out, and **MAKE 2 COPIES**

3. Title page
4. Table of contents
5. Acknowledgments
6. Purpose and hypothesis
7. Review of Literature
8. Materials and Methods of Procedure
9. Results
10. Conclusions
11. Reference List

The research summary needs to be in this order.

The Effects of Sunlight on Plants
(title)

Botany
(category)

Experimental or Design Investigation
(designate your type of investigation)

Signature of Sponsoring Teacher

Signature of School Science Fair Coordinator

John Smith
1234 Main Street
Riverside School
Chicago, IL 60601
Grade 9

Research Summary
Page 3

Title page

1. Title of project
2. Category
3. Experimental Investigation

*Explains the background information that helped you form your hypothesis and explains the reason you used the procedures you did. Also, any research that helps the reader understand your project.

Materials and Methods
of Procedure

Materials and Methods of Procedure

*cut and paste this from
the document you used for
your board

Results

Results

*cut and paste this from
the document you used for
your board
(include data tables,
graphs, etc..)

Conclusion

Conclusion

*cut and paste this from
the document you used for
your board

Reference List

15 resources needed

Reference List

*cut and paste this from
the research page you turned into
me!

**YOU ARE
DONE!!!!**
